What we Stand For: Humanism

SKAIH Pre-University is the youngest school of the Foundation for Humanistic Education (FSHP). Our humanist philosophy serves as a guiding principle for the **holistic** development of our students, enabling them to reach their maximum potential. We offer an inclusive education based on the pillars **equality, solidarity, love for nature, rationality, and freedom**. Following our philosophy, the values we instill in our students include personal responsibility, social responsibility, and engaging in dialogue based on reasoning, well-founded arguments, and respect at all times.

Lessons for Final Exams in Dutch and Papiamentu

Besides the fact that our lessons are offered in English and Papiamentu, as a school that is part of a country within the Kingdom of the Netherlands, our students also study Dutch as a subject. They sit a final exam in both Dutch and Papiamentu, similar to all other schools at the HAVO/VWO level. Moreover, SKAIH Pre-University operates under the law of free education for all students.

Caribbean CXC Programs in English at HAVO/VWO Level

In 1972, the **CARICOM** organization established the **Caribbean Examinations Council (CXC)** as the official body responsible for developing, evaluating, and distributing Caribbean programs in English at various school levels. Through an official agreement between the Government of Curaçao and CXC, SKAIH Pre-University offers three different CXC programs: CCSLC (in forms 1 and 2), CSEC (equivalent to HAVO), and CAPE (equivalent to VWO+). Students complete each program with examinations in English as stipulated by CXC. After achieving satisfactory results, each student receives an **official CXC certificate**, and upon completion of form 5, they also receive **an official school diploma**. We are proud to have an average graduation rate of 85%. For more information, you can visit the CXC website at www.cxc.org.

We prepare for

Cambridge

English Qualifications™

Cambridge English Certification

As a bilingual school affiliated with **Nuffic**, every student at SKAIH Pre-University takes a **Cambridge English** exam to demonstrate their English proficiency by the end of bilingual education. Instructors who use English as the language of instruction also pursue professional development courses in English, and we prepare students for Cambridge exams right at the school. SKAIH Pre-University boasts a 95% success rate for this exam and is an official preparation center for Cambridge English exams.

An official Cambridge certificate is recognized by more than 25,000 universities and institutions worldwide.

Access to Colleges and Universities

Upon graduation from SKAIH Pre-University, you have the opportunity to continue your studies at any tertiary institution at the HBO or university level in Curaçao, the Caribbean, the Netherlands, the USA, or Canada. The CXC certificate, Cambridge English certification, and your SPU diploma open doors worldwide, providing unique educational opportunities for your future.

Whether you choose to study in Curaçao or abroad, you emerge from SKAIH Pre-University as a young person with a profound understanding of yourself and your roots (collective identity), while being mindful that we all are part of a global community. During your development into a 'global citizen,' you will experience various activities that enrich your knowledge of the world, especially during our annual school trips or exchange projects with schools abroad. A truly unforgettable experience!
